Agiloft and Adobe Sign

With Agiloft's built-in Adobe Sign integration you can send, receive, sign, and track your documents in one integrated system.

Send, receive, sign, and manage your documents from any internet connected device.

Adobe Sign

Benefits

- Purchase envelopes directly from your Agiloft knowledgebase 24/7

- Integrate Adobe Sign into your existing processes

- Easily manage and monitor envelope use

- Receive automatic reminders when your envelope count gets low

- Envelopes never expire

- Documents are encrypted, tamper-proof, and stored in the cloud

- ISO 27001:2013 Certified

- SSAE 16 SOC 2 – Type 2 (Security & Availability) Certified

- PCI DSS Compliant

Note: The Adobe API that we use requires that envelopes are purchased through our 24/7 portal. We cannot use envelopes purchased directly from Adobe.

Signatures Made Easy

Together, Agiloft and Adobe simplify and automate the complete contract lifecycle from contract creation, approval, execution, and renewal to auditing and reporting. Adobe Sign streamlines the process by eliminating the need for manual signatures and approvals and eases your compliance workflow by providing a complete electronic audit trail.

About Agiloft

As the global leader in agile contract lifecycle management (CLM) software, Agiloft is trusted to provide significant savings in purchasing, enable more efficient legal operations, and accelerate sales cycles, all while drastically lowering compliance risk. Agiloft's adaptable no-code platform ensures rapid deployment and a fully extensible system. Using contracts as the core system of commercial record, Agiloft's CLM software leverages AI to improve contract management for legal departments, procurement, and sales operations.
